## ANCIENT STORIES IN STONE

The first altar from Antenociticus' temple uses a lot of **abbreviations** - and our dative case returns! Can you use your decoding skills to help **fill in the blanks** for the translation below?

**COS** = consul

**D** = designated

**deus** = god

**IMP** = emperor(s)

**N** = our

**Q** = quaestor

**ULP** = Ulpus
